m.reed/cone
// PROTHODONTIST

Dr. Miles R. Cone is a graduate of Tufts University School of Dental Medicine, and completed a three-year Prosthodontic residency program while serving in the United States Army. In addition to achieving board certification and diplomate status within his specialty, Dr. Cone has also successfully challenged all the requirements necessary to earn his designation as a Certified Dental Technician. Currently, Dr. Cone's career in civilian life revolves around his dual role as the owner of Nuance Dental Specialists, a private practice dental clinic limited to prosthetic dentistry in the heart of Portland, Maine and his role as a Key Opinion Leader. When Dr. Cone is not at the chair, in the classroom teaching, or at the lab bench, he can be found traveling the world looking for adventure, or relaxing at home with his wife, four children, and English Bulldog.
